Two villas directly on the sea

The two villas are modernly planned and newly built. Completion is in July 2024. Both are located 50 meters from the sea shore. Endless views of the sea and the surrounding area. In this small town you or your guests can find peace and relaxation during your stay. A few hundred residents live in the town itself. Activities in the area include swimming, a variety of hiking carts, climbing, rafting, speed boat trips and cycling.

The villa can accommodate 8-10 people.

In front of the house there is an infinity pool, heated/cooled, and a combination sauna. The nearest airport is 30 km away.

There are four parking spaces in each villa, two of which are in the garage.

The villa has four bedrooms each with a bathroom.

If you use the villa for business and rent it out, you can get the VAT back from the Croatian tax office in the amount of 25% of the purchase price. (It is 372,500 EURO.)
