Commercial facility in a sheltered bay by the sea

In a sheltered bay we have a commercial building directly by the sea. It contains a restaurant and two other bars for different purposes serve. All business(shops) is rented. The new owner can pursue you, however, also himself. Before the restaurant a boat mole is for six boats. All year round by the protected position the boats can lie in the water. Beach is in the front of the building. A very rare position.
