## House in the mountain region Gorski Kotar

On the outskirts of a small town there is this old building, which is very extensive and well renovated. Furnished in a rural style with a lot of taste, this house offers comfort and idyll.

On the ground floor is a large living room with kitchen and dining area, then a bathroom and a pantry. In the extension of the living room is a large terrace. On the upper floor are bedrooms. In the basement are technical parts of the house such as boiler room, toilet and a large room for socializing with kitchen. The house has oil central heating and a fireplace on the first floor.

A worth seeing property.
