## Building land with a beautiful sea view

The land (2877 m2) is located on the island of Krk in Vrbnik. It is only 700 m away from the sea. Access to the land is directly from the asphalt road. All infrastructure is on the land. There are various construction possibilities: one or more modern houses, one or more semi-detached houses, a residential house with four residential units. Vrbnik, without a doubt, one of the most famous Croatian places. Vrbnik is located at almost 50 m above sea level, and in a really special place on a cliff that literally plunges into the sea.
