New building- intelligently planned villa with pool

New building! A modern house only a few minutes drive from "the pearl of the Croatian coast", Opatija. The villa has a net living area of

approx. 170 m2 and is located on a plot of 561 m2. In the basement there is a "Konoba", which offers ideal space for sociable hours with family and friends. On the ground floor there is a hall, a large light-flooded living room,

which is connected to the dining room and a fully equipped kitchen, a bedroom and a bathroom. The inviting, covered terrace adjoining the living room offers a wonderful view of the sea. On the 1st floor there are 2 lovingly furnished bedrooms, each with an exit to a covered terrace and each with a bathroom, cloakroom and utility room. During the construction, a lot of emphasis was placed on quality and equipment. It is heated by a heat pump (underfloor heating and air conditioning). On the well-kept property there is a pool (30 m²) with a sunbathing area and a barbecue area as well as some covered parking spaces. Restaurants and shops are in the immediate vicinity.
