Creation of new apartments in the first row to the sea

In the autumn of this year the construction of a multi-family house in the first row to the sea with six apartments will begin.

The apartments have two bedrooms and are furnished in a modern style. Since there is a finished house next to it, you can inspect the location and the quality. Each apartment will have a living room with a kitchen and dining area, two bedrooms, a bathroom and a balcony. If you like it, you can reserve or buy the respective apartment.
