Large building plot in the first row to the sea

Istria's east coast, approx. 25 km south of Lovran and Opatija - on this side of the coast the green slopes extend down to the sea. Beautiful places with a Mediterranean flair line the coastal road to Rijeka.

The properties are very quiet on a wooded slope. Beautiful, untouched coastline with many small bays and clear, clean water.

First row from the sea - 4,162 m² of land, of which 984 m² is building land, can be built with a detached house, semi-detached house or 4 apartments.

Adjacent to the building land is a green zone of 2,469 m² that can be used as a garden that extends almost to the sea. In front of it is the beach zone with a width of approx. 25 m and a size of 709 m². Also part of the street of 219 m², of which a proportion of 72/219.
