Very high-quality properties in the center of the most beautiful place on the Croatian coast.

The tourist town of Opatija is located in the north of the Kvarner Bay, below the Ucka mountain in the immediate vicinity of the metropolis of Rijeka. Due to the islands in front of it and the Ucka mountain range behind it, Opatija and the associated Riviera are well protected from the strong local winds and offer a mild and pleasant climate all year round.

Opatija has many nicknames and is often referred to as the "pearl of tourism" or "the old lady". The latter is a compliment that Opatija certainly

deserves due to its over 160-year tradition in tourism.

The beginnings of tourism began in the 19th century when Opatija developed into a winter health resort for the upper class. During this time, many residences and villas were built locally, which have been renovated over the last few decades and converted into hotels and guest houses of a high standard.

Opatija is also known as "the Nice of Croatia" due to its excellent tourist offer and its numerous sights.

The Opatija Riviera of the same name includes the towns of Volosko, which is attached to Opatija and lies north towards Rijeka, Icici, Ika, Lovran and the town of Moscenicka Draga to the south.
