Residential Building with Three Apartments, Swimming Pool and Solar Heating

Residential Building with Three Apartments, Swimming Pool and Solar Heating

This well-maintained two-storey residential building consists of three fully independent apartment units:

one two-bedroom apartment

one one-bedroom apartment

one studio apartment

A swimming pool is located in front of the house, providing an attractive outdoor area for relaxation and enhancing the property’s rental potential. The heating system is powered by solar energy, ensuring energy efficiency and reduced running costs. All apartments are equipped with air conditioning units.

The property represents an excellent opportunity for private use, tourist rental, or long-term investment.
